

How to deal with damage to forfeiture of deposit and damage to the property or health of a third party

In the event of damage to the vessel or damage to the property of a person other than the crew and skipper, the following procedure is recommended:

- **Take photo documentation of the damage immediately after the damage occurs**
 - Full vessel view - in case of collision at the moment of collision
 - Close-up of damage (to the vessel itself - e.g. damage to a window due to being stepped on, or to third party property - e.g. piers, other boats, etc.)

- **To help you quickly report and document all supporting documents, you can use the "Claim Report" form available at <https://www.yachting.com/en-gb/boat-rental/insurance>**

- Please send the completed form to the following email address: yachting.skody@respect.cz together with the following documents:
 - Certificate of Insurance (received at the time of insurance)
 - Vessel charter contract
 - Photo documentation
 - Claiming damages from the injured party (vessel owner, charter company)
 - Damage quantification from the victim - invoices for repairs
 - Report of the police or other authority responsible for investigating the claim (if any)
 - Crew list - always issued by the charter company and handed over to the skipper together with other ship documents.
 - Evidence of bond release (for deposit insurance claims)

- **If the documents are in a language other than Czech or English, it is necessary to provide an indicative translation.**
